FINAL TIERED PROGRAM ENVIRONMENTAL IMPACT REPORT
ROAD AND TRAIL MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN THAT the Marin County Open Space District (MCOSD) has completed a Final Tiered Program Environmental Impact Report (TPEIR) for its Draft Road and Trail Management Plan (RTMP). A copy of the Final TPEIR and the Draft RTMP is available for review at Marin County Parks, 3501 Civic Center Drive, Suite 260, San Rafael, California, 94903 Monday through Friday, 8:30 a.m. to 4:30 p.m., and at public libraries throughout Marin County. Marin County Parks has copies of the Final TPEIR and RTMP available on USB flash drives and online at http://www.marincountyparks.org/depts/pk/our-work/os-main-projects/rtmp.

The RTMP would:

- Establish and maintain a sustainable system of roads and trails that meet design and management standards
- Reduce the environmental impact of roads and trails on natural resources
- Improve the visitor experience and visitor safety

The RTMP would apply to all 34 of the MCOSD open space preserves, which are primarily in the eastern urbanized corridor of the county, with several preserves in West Marin. The RTMP includes:

- Visitor use management areas
- System-wide policies to manage road and trail projects, visitors, and uses
- Special use policies to manage utility access and to maintain oversight for large-group activities
- Procedures to designate system roads and trails
- Procedures to evaluate proposed maintenance and construction projects
- Standards for construction and operational standards
- Best management practices
- A Decision Making Process
